COMMUNICATION

Dear Sir:

This COMMUNICATION accompanies the filing of this Continuation-in-Part case for USSN 09/086,427 ("Parent Case"). A copy of a COMMUNICATION and Petition for Extension of Time for the Parent Case is also enclosed for the convenience of the Examiner.

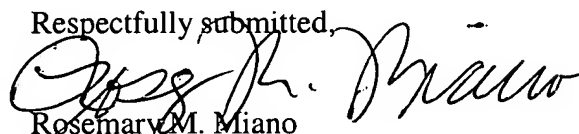

Applicant, through his attorney is filing this case as a Continuation-in-Part of the Parent Case. This is being done to focus on a narrower version of the Parent Case and is based on information currently contained in the Parent Case. While it is not believed that any new matter is being added substantively to the case, it is thought that rewriting parts of the Parent Case would be helpful to more narrowly focus on these particular embodiments. All of the limitations contained in the accompanying application are currently contained in the Parent Case.

This Communication is also being filed to make of record the fact that Applicant's attorney has been advised that some consumer testing was done in early 2002. Since the filing

date of the Parent Case is May 28, 1998, and the CIP being filed now does not contain any information outside the scope of the Parent Case, no further details of the testing are being enclosed.

It is believed that this case with its more particular description of the invention contains allowable subject matter and an early Notice of Allowability is requested.

Respectfully submitted,

Rosemary M. Miano
Associate Patent Counsel
